THE SHAMROCK GAZETTE

SERVING THE THIRD GRADE PARENTS OF ST. BRIGID SCHOOL

TESTS

Spelling: Friday, April 30, Unit 31

Science: Thursday, May 27, chapter 2

FAITH FACT

What do we call the event in which Mary was taken into heaven when her earthly life was ended?

(The Assumption)

FIELD TRIP

June 2 will be our field trip to Sunwatch. Students will eat at 11:00 so we can leave by 11:30. The trip runs from 12:00-2:00. The cost for students is \$4 and adults are \$6. I would like at least one adult to go with us. If I can take more I will let you know.

SCIENCE

Students are doing a great job on their power point presentation. We have brought the laptops into the classroom each day and worked for at least 45 minutes. Several have the information on slides and are now working on adding bullets, background, and pictures. If it's possible, I will have them added to the 3rd grade web site.

SOLAR SYSTEMS

The solar system projects were fabulous. I heard many compliments not only from the teachers but from others milling around the building. The students should be very proud of what they accomplished!

SMART BOARD

St. Brigid had a smart board in the building for a little over a week. Our class was the first to use it. It is an interactive device where the students can actually manipulate information just by touching the screen. Needless to say, we had a blast. In the pictures below you can see students moving numbers to make math sentences.
